Press Release

2<sup>nd</sup> October 2006

## **HELIOS announces Unbreakable Server Solutions for Windows Server Platform**

**Unix stalwart launches for Windows for the first time.**

Hannover, Germany – October 2<sup>nd</sup>, 2006 – Formerly available only on major UNIX-based platforms, HELIOS Software GmbH announced today that five HELIOS UB Unbreakable Server Solutions for prepress and enterprise networks now run on Microsoft Windows based computers. HELIOS will introduce their products for Windows at the upcoming IfraExpo in Amsterdam, October 9 - 12, and at GRAPH EXPO in Chicago, October 15 - 18.

The HELIOS UB product family includes HELIOS Base UB for Windows, providing advanced print services, and HELIOS WebShare UB for secure web-based file sharing, distribution, and document collaboration. HELIOS ImageServer UB, PDF HandShake UB and PrintPreview UB bring high efficiency and advanced capabilities to office, design, prepress, and printing operations.

Praise for HELIOS UB servers comes from around the world from leading media companies including USA Today, Le Figaro of France, Mirror Group in the UK, Mohn Media in Germany, and many more. For them, HELIOS server solutions are considered the most reliable, secure, and fastest available for enterprise and prepress networks today, offering cross-platform local and Internet file sharing and printing, with PDF, image conversion, color management, and proofing solutions.

"We are glad that our Web, PDF, print, and prepress server solutions now support the Windows Server platform," reports Helmut Tschernjak, CEO and president of HELIOS. "HELIOS server solutions represent over 15 years of server development, and are finally available as a first-class citizen on the Windows Server platform. Supporting all major server platforms allows customers to choose the server platform which best fits their needs."

Supported Windows Platforms: Windows Server 2000 Windows Server 2003 (32-bit and 64-bit edition) Windows XP (32-bit and 64-bit edition)

Customers can contact HELIOS to schedule meetings at the IfraExpo and GRAPH EXPO events.

### **Smart Ideas for Better Networking**

HELIOS UB Unbreakable Server Solutions deliver mission critical server solutions to enterprise, government, university, and prepress sites. WebShare provides extremely secure and high performance remote file management via any Web browser. Base UB for Windows adds advanced print server services to Windows, and HELIOS ImageServer, PDF HandShake and PrintPreview bring high efficiency and advanced capabilities to design, prepress and printing operations.

HELIOS products run on powerful and scalable servers including Apple Computer Mac OS X, Hewlett-Packard HP-UX, IBM AIX, Linux, Sun Solaris, and Windows systems. HELIOS products provide reliable cross-platform support for Macintosh, Windows, Web and UNIX-based clients.

--- ENDS ---
